Hard to guess disney movie quotes

Emma Kapotes/Rd.comWhen Dorothy finds herself plunked into the new and strange land she says is this famous line to her dog. It's the perfect thing to say when you encounter something unfamiliar. You can count on such things happening once or twice a week. There's a reason this movie is a favorite classic that everyone has seen over and over again. A metaphor for life. And also, you know there's no place like home, right? Emma Kapotes/Rd.comArnold Schwarzenegger is not exactly known as thespian, so his delivery line worked perfectly as a robot killer. Terminator delivers the famous line to the bureaucrat of the police station, who will not let him in. Sure, he's coming back - this time barreling through in the car and destroying the police station and everything in it. Want more scary movies? Here are the scariest movies of all time. Emma Kapotes/Rd.comHumphrey Bogart makes it seem so smooth and cool to be completely practical. He sends Ilsa and Laszlo in a great sacrifice for good. He's thinking about long-term results. He doesn't rule with some irrational, romantic notion, because the problems of three little people don't make up a hill of beans in this crazy world. Calling the gorgeous Ingrid Bergman a child is ideal, as he behaves just like the father's level. And that's fine, because they'll always have Paris. Add these 10 most romantic movies of all time to your list. Emma Kapotes/Rd.comBack that day this line was doubly shocking because Clark Gable was swearing. It was shocking enough, but how can he go out to Miss Scarlet? It was such a burn! Then he sauntered into the mist, leaving her to sob on this gothic staircase. Do not worry! She's back to Tara and she'll find a way to get him back. Because tomorrow is another day. Check out the list of movies that were better than the book. Emma Kapotes/Rd.comChief Brody was accidentally sucking shark bait into the water, no big deal when we finally get an idea of Jaws. It's gigantic. He has his back in the engine room of his tiny ship and murmurs the famous winged phrase. This is the perfect line to tell when you feel overwhelmed by anything. You don't have to be a shark. Emma Kapotes/Rd.comJack Nicholson witness to stand the crisis melodrama at its best. Made even better by Tom Cruise and Kevin Bacon hamming it in the background. If only everyone could persuade to admit it easily. Although Colonel Jessup may be grotesque, as he put it, he saves lives. And you need it on that wall. But also, he ordered the code red, and now he's going to jail. Emma Kapotes / Rd.comFelicia appears in front of the porch of Ice Cube and constantly asks to borrow this and that. Everyone has an annoying neighbor, office mate, roomie or otherwise bothersome person who needs to be properly fired. These types are now known as Felicia. You don't have to respond to these requests. Good bye. Made and done. These are disposable lines that are now ubiquitous. Thank you, Felicia. Emma Kapotes/Rd.comTom Cruise comes in and gives Renee Sellweger a great romantic speech. The best part is that he has to deliver it in front of a women's support group. Brilliant. Finally, Renee interrupts him with his famous line and falls into his arms. Everyone's crying! It's even better than you complete me as a big catchphrase. You can replace almost everything with hello and interrupt your friends with: You got me for coffee . . . Wine... Baseball... Ice cream. Watch one of these best tearjerker movies. Emma Kapotes/Rd.comClint Eastwood, known as Dirty Harry, pronounces this one liner with characteristic sand. He's in the fight against fire with the slowest, most uncoordinated crooks ever. One of them grabs a hostage. Eastwood taps his famous Smith and Wesson and kills him with the proverbial catchphrase. The perpetrator gives up. Go ahead and say this line when you want to kill people (works best if you pretend you're Clint Eastwood.) Emma Kapotes/Rd.comCounterculture Youth made this thriller a cult favorite while he was scared of daylight from his conservative parents. We are talking about legions of street gangs who run furious at night in the city. Each gang has a trick like wearing overalls, purple vests or baseball outfits with mim makeup. Fortunately, they mostly want to fight each other. The leader of the gang sing the song famously winged phrase at the end when pressed by glass bottles. This is a great line to use on your colleagues! Now, check out the most iconic movies set in each state.
